Graduate Science of Mathematics at Faculty of Applied Science and Technology at Ahmad Dahlan University, Yogyakarta. I'm 24 years old and domiciled in Yogyakarta Regency. While studying, I am active in an Associate Students' Mathematics Organization as a member and head of the Islamic Division. I started my career as a field data collection officer and Data Entry Clerk as well as a mentor in Merauke City, South Papua. Several times, active on Course Digital Talent Scholarship Kominfo with a focus on data analysis and data science. Seeking opportunities as a Data Analyst and process improvement or other fields to continue growing.
